THANKS

Let's start with the most important thanks, the one to Alessandro. our friend and colleague has taught us that life is the most precious gift that has been granted tous.

We wanted to pay homage to him transforming our pain in pleasure, our affection into teaching.

Thanks to him, we have created a menu that represents the mirror of our soul. The intent is to influence as many people in the charity world as possible. Alessandro helped us to transform our imagination into reality.

"I have a drink" is our dream. to make you drink well doing good, contributing with many small actions to change the world.

THANKS

The second thanks giving is to wards ourselves. We thank ourselves for always moved forward beyond the pain, the difficulties, frustrations, disappointments, prejudices, doubts, insecurities, and fears.

We thank our parents for having passed on to us the most important values, which we believe are a part of true "success": love and the desire to sharing.

We thank all the people who have had the courage to believe in us and to our successes are also theirs.

We thank all the guides who have not rewarded us, all the customers who have not appreciated us, because thanks to their feedback we have been able to bring out the best of us.
