New Pricer effective July 1, 2022

Valued Dealer,

Attached is the new Price Guide effective 7.1.2022. While pricing pressures, rising freight costs and supply issues continue NDI has only had to adjust pricing upward on a select group of domestic manufactures. Hirsh, Mooreco & Steel Cabinets all have adjusted pricing based on price increases they incurred. The good news the addendum pricing for cherry and mahogany colors has been removed and all laminate colors are the same price. **All other stock product pricing has remained the same.**

NDI values your business and appreciates your loyalty.

Kind Regards

Stan Idzi
