To: All valued dealers

New Pricer effective October 1, 2022

Valued Dealer,

Attached is the new Price Guide effective 10.1.2022. While pricing pressures, rising freight costs and supply issues continue NDI has only had to adjust pricing upward on one manufacturer. Steel Cabinets has adjusted pricing based on price increases they incurred. **The good news is that All other stock product pricing has remained the same.**

NDI values your business and appreciates your loyalty.

Kind Regards

*Stan Idzi*
