

For Immediate Release: February 2026

#9066 YZ-10 Classic Kit

1:10 Scale 4WD Electric Off Road Competition Buggy Kit

ELECTRIC ▪ OFF ROAD ▪ 1:10 SCALE ▪ 4 WHEEL DRIVE ▪ KIT

Competition 4WD 1/10 Scale Electric Race Buggy

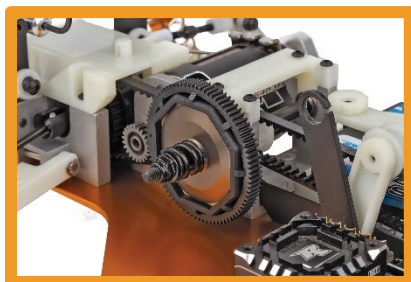

When the serious racers on Team Associated wanted to go 4WD racing, they chose the best car they could find: The Yokomo YZ-10. This car is state of the art. It's not only designed to be the best 4WD car in the world, it's also designed so that it's easy to work on. If you're really serious about 4WD racing, race the best - the YZ-10.

The front end includes a gear differential, universal drive shafts and an adjustable track width. Plus fully adjustable coil over, oil-dampened shocks, front and rear.

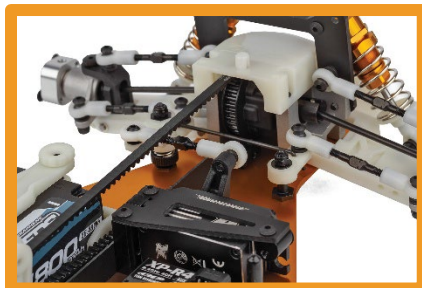

High traction, low profile tires and wheels, front and rear, for super handling. Realistic-looking Protect IV body has separate under pan to keep your car clean. Body includes functional air scoop for the motor cooling.

With a very efficient 2-belt drive system, the YZ-10 includes a gear differential, slipper clutch, and universal drive shaft. Saddle mount battery pack for better weight distribution.

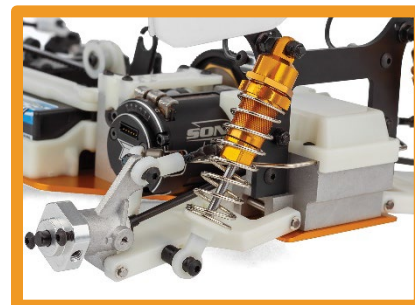

HIGHLIGHTS

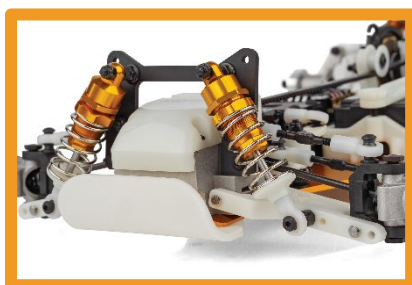

Slipper Clutch

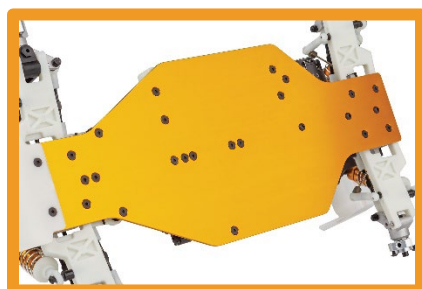

Floating Servo Mount

Anti-Roll Bar
