RC10 Retro 80's Ultra Fox Kit

#6051

1:10 Scale 2WD Electric Off Road Buggy Kit

ELECTRIC ▪ 1:10 SCALE ▪ 2 WHEEL DRIVE ▪ OFF ROAD ▪ KIT

VINTAGE SOUL. MODERN STRENGTH.

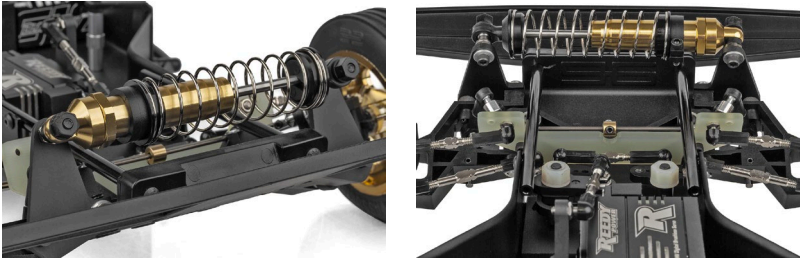

The RC10 Ultra Fox isn't just a tribute; it's a high-performance celebration of engineering that defined a decade.

Combining the iconic aesthetics of the 1980s with modern Team Associated precision, the RC10 Ultra Fox is built for those who remember the thrill of the first dirt jump and those ready to experience it for the first time.

Iconic Mono-Shock Front End:

At the heart of the RC10 Ultra Fox is the legendary front mono-shock suspension. This unique design captures the authentic look and feel of the era's most innovative race cars and provides a nostalgic driving experience.

Signature Gold Aluminum Shocks:

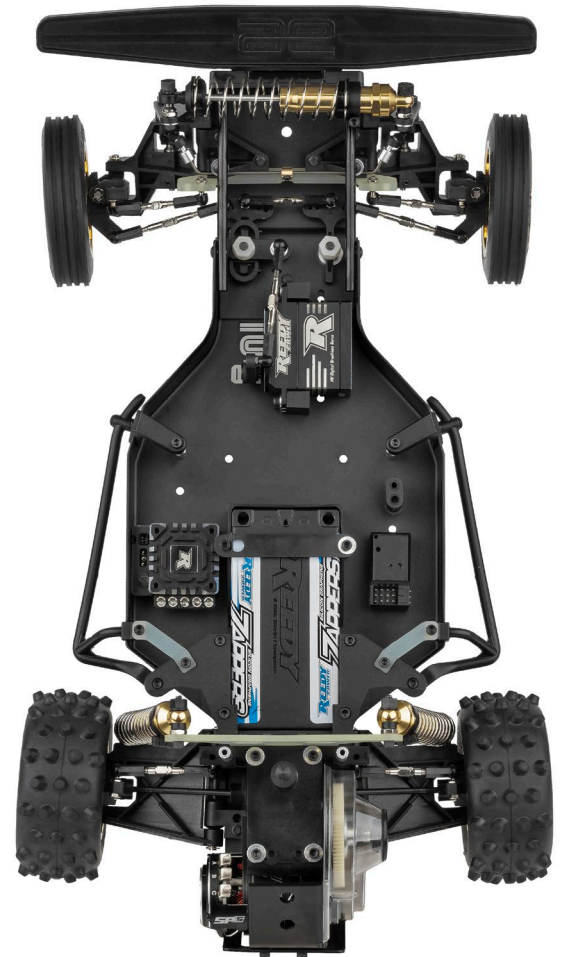

It wouldn't be a classic without the bling. Our race-proven, oil-filled gold anodized shocks offer buttery-smooth damping and that unmistakable "Team Associated" factory look.

Full Independent Suspension:

Don't let the vintage vibes fool you. With fully independent front and rear suspension geometry, the RC10 Ultra Fox soaks up bumps and sticks the landings with the poise of a modern champion.

From the aggressive stance to the sleek, period-correct body lines, every inch of the Ultra Fox is designed to turn heads and stir up memories of backyard battles and local track glory.

Due to ongoing R&D, photos may not match final kit. Vehicle shown on these pages equipped with items NOT included in kit: Motor, transponder, servos, receiver, wheels, tires. Assembly and painting required.
