**ELECTRIC ■ ON ROAD ■ 1:10 SCALE ■ 2 WHEEL DRIVE ■ KIT**

### The DC10 Classic – Where Going Sideways Becomes an Art Form!

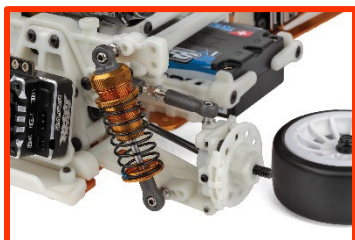

Since 1964, Team Associated has proven to be the leader in the world of competition racing, and now born from our on-road racing legacy, we have engineered the DC10 Classic that sets new standards.

In the thrilling world of RC drifting, balance is everything, and the DC10 delivers precision like never before. With an arsenal of suspension and chassis tuning options at your fingertips, you can fine-tune your ride to perfection.

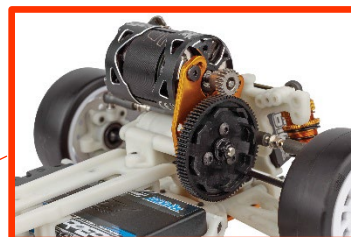

From camber and caster adjustments to kingpin inclination (KPI) and the exact placement of your motor, servo and battery. Whether you're a seasoned drifter or just starting to explore the exhilarating world of RC drifting, the DC10 Classic Kit is your ticket to one of the fastest-growing categories in RC racing!
