

Hello Hot Metal Bridge Families!

We are excited to try our hand at a children's Bike A Thon! The date is planned for July 23rd with a rain date of July 30th. Our kids will ride, scooter, skate, stroll, or move as they are able!

The event will take place in the parking lot of our church beginning at 5:30 pm. Riders can choose to make laps around our parking lot or venture down 26th street to the South Side Trail with the help of adult volunteers.

Helmets are required and other appropriate safety gear is recommended. Safety forms are **REQUIRED** to be signed by the adult caregiver for all children prior to the event. Children are welcome to bring a friend, but that friend must have a completed safety form if they would like to ride. Adults may also participate, but you may be asked to assist with ensuring the safety of our children during the event.

The Hot Metal Bridge kids can use the opportunity to fundraise in an effort to support the church. Fundraising is not required. We have sponsorship forms available.

Food and drink is planned for the event but if your child has special dietary restrictions please plan accordingly.

Don't have a bike or wheels of some kind? Let one of us know and we will see what arrangements can be figured out.
