The Voice of God

The Next Change is Coming to America

◆ The time for America's destiny has come! In this powerful prophetic word, Kat Kerr shares the glorious message from Heaven that victory, justice, and prosperity are flowing toward America. This nation is chosen to stand with Israel and for the believers, and nothing can stop its divine mission. ◆ The days of glory are ahead, with a supernatural outpouring of healing, wealth, and authority. Prepare for a mighty move of God that will change the world!

*Prophet, *Revelator, and *Seer Kat Kerr, was invited to speak. This is what she said:

It is always worth it when you wait on God. And the enemy

America's Divine Destiny and Mission

tried everything. And I mean everything. He did not want me to come. He was terrified. So get ready for whatever God's going to say.

Close your eyes for about 5 seconds...Then, the voice of God took over...

I say to you, for I bring hope, I bring victory, I bring justice,
I bring wealth, I bring health. You will never be the same again. This country has an appointed time. Hell does not own it.

The wicked and the evil do not own it. Even the Democrats don't own it.

For I the most high God, I it is mine. The earth is mine and the fullness thereof.

And America is the fullness of this earth. For it has a destiny no other country has. It stands for Israel. It stands for the blood covenant. It stands for the believers. It stands for victory. It stands for destiny.

For this night, you're stepping into your destiny. Nothing can stop you from doing that. Nothing can stop you from having it. It will happen, says your God. I have said from the beginning, Trump was chosen and appointed by me, anointed by me to bring hope to this country. He is not worshiped, he is honored. In heaven, he is honored. His own brother honors him in heaven. For heaven is excited for what is about to happen. Yes, he won. Yes, he won 2016.

Yes, he won 2020. Yes, he won 2024. The hell is terrified.

You all sitting here are dangerous against hell.

Two

America's Divine Destiny and Mission

You watching with hope and victory in your heart, you are dangerous against hell. Did you not know the enemy doesn't waste his time attacking you because he's angry? He attacks you because he is terrified. He knows what fear is.

Burnt toast is burnt toast is what he is. Lord of the flies, my son, rules with a scepter.

The only one with a scepter. The only one who has a right to forgive your sins. The only one who creates, he has created everything ever was, is or will be. Hell has created evil.

They never win. And they have not won this time. For I'm here this night to tell you, you are celebrating a great victory that will begin to change this earth.

For the glory is upon you, and it will be in you, and you will take it everywhere because it will cover the earth like the waters cover the sea. Evil will run.

They'll be pierced. They'll be blinded by the glory. These are

America's Divine Destiny and Mission

the glory days. They are my days.

For I hold time in my hand. Not even my son knows when it will all end, but I do. And I am not ready for that to happen. Greatness is coming to you.

Greatness to your family, to the generations after you is coming. Your name will be written down in history.

Not just on earth, but in heaven, says your God. For these days are mighty, mighty for the manifested sons and daughters of God to speak to the land, the sea, and the air, and it will obey.

The dead shall be raised in mass. In mass, I say in mass.

Almost a country will die within the next 10 years. But one believer filled with my spirit, my glory, my fire will raise them from the dead.

Do not fear. Do not let fear interfere. I have said that to my son Donald Trump.

Don't fear. He now puts it on everything and he means it. He knows I saved his life and kept his life. He does belong to me at this time in his life. He has given himself to me whether anyone likes it or believes it or not. He is fully vested in this country. He is the one I chose to win and win and win again.

Get ready for greatness in this world. It will come from this country. Two thirds of the gospel has come from this country. Did you think I would sit by and ignore it? Can you not wait a few months for me to move? For I have been from the beginning to the end and the end to the beginning. And I say it is not over except for them. the evil ones, the wicked ones in the spirit realm, in the physical realm.

Their time is over. Many will be punished severely for taking the lives of the innocent that I have sent to this earth at this time...

Three

The Supernatural Power of Believers

They can't stop it. If necessary,

I will send them back. For I am God, and I will decide who remains in heaven and whom I send back into a mother's womb to be born into the earth. For many prophets will be born in this time. Many will be born in this time and hell will face its worst days. They cannot stop it from happening. They already know they have lost. They will abandon everybody who served them, everybody who killed for them, everybody who stole for them. They'll abandon them for they care for nobody.

They care for no one and nobody. But they will lie all day and all night to steal your destiny. Because you see, even you who are wicked are a threat to hell.

Do not question what I have decided. For I say this night, my daughter came. Even while under attack, she came. She knew this was destiny. Not just for you, but for this country. Great celebrations will take place, not just here, but it will begin here

The Supernatural Power of Believers

and start here and go around the world. And they will celebrate for months because these are days of victory, of celebration, of hope, of joy, of creation. I would not even permit some of the newest creations that have ever been done to be done until this was done. I say when it's done, I say it's done.

Watch for the justice. They will turn upon each other, tell upon each other, even lie about each other. They don't want to be caught. It's too late. I know where everyone is, what they did, when they did it, how they did it, and it will be announced to everyone to know. Even the fake news will have to say they lied, they cheated, they stole the elections, for they will not control over their very lips. I will for this is the time for truth because the truth makes you free.

Be free, says your God, for the generations you're going to be raised up behind you will be some of the most powerful on the earth. Man will live for hundreds of years. Don't prepare to die at 70 or 80 or 90. How long do you want to live?

Why do you want to live? These are the days of glory and power and might like never before in this earth...

Four

Justice and Glory Unleashed

My son stands ready. He will take the throne in Jerusalem when that time comes. And I will not keep it from him.

Those who've messed with the word, changed it, altered it. They are in big trouble. I don't care who they are. You do not mess with my word. You don't mess with the word of God. Those are my words, not yours. If you don't understand it, seek my spirit, but you are not to touch it. all that will be performed because I say so my son stands ready to defend you in these days he will actually come and fight for some of you he's up there yelling fight just right with Trump whether you like it or not you don't get to choose but I know the heart of that man and it is for this country is for we the people he does it for the people not himself he doesn't have to don't cry that they've stolen things from him. It will have to be repaid.

And I say these are days of great justice. The courtroom of heaven has been non-stop busy dragging demons up there and

Justice and Glory Unleashed

sentencing them for even they will lose their positions. They will lose everything they thought they have gained. They are dust under your feet. They don't rule over you. Born again, blood bought. You rule because my son rules. You command because he commands. You create because he creates.

That's who you are. Made in our image and after our likeness. The way we operate.

Don't let anybody tell you you're nothing. They don't know what they're saying.

I know your names. I know what you've said. I know what you have sacrificed. I

know what you have given. I know what you have helped with. Even the smallest thing, I know what it is. Reward time is here. Both for the good and the evil.

Where you stand, you will never stand there again in the position you're in.

For I will pour out my blessings like I never had before. You will be wealthy. The wealth of the wicked is laid up for the just and the righteous. They're about to lose it all.

Don't forget to seek my face. Don't forget to seek my son. Don't forget to seek Holy Spirit. He can be your best friend. He might get in your face all day, but it will be for your good. He is known as the drama king. I live with the king of kings and the drama king. Life is never quiet.

I like it not quiet. Get ready for activity like you've never had before. Make plans for the wealth that's going to be put in your hands that no man can steal from you.

These are days that have never been on the earth before. You'll see things, hear things, and say things.

You won't just walk on water. That's a work. You may walk on air.

America's Divine Destiny and Mission

That is a greater work. Whatever my daughter has said to you, she has already done it. She's had to live and experience everything that she shares with you. Take her words seriously. She has a heart to forgive or there'd be a lot of them in trouble.

Don't touch my anointed. You better meet with her with approval. If you meet with disapproval, be prepared to see removal, for I keep her, I protect her. I trained her and she said yes every time...

Five

The Role of Donald Trump

The Role of Donald Trump and the Future of America

These are glorious days. You see your children do some of the most unexpected things. Many of you have prophets as children and grandchildren and you don't know it. It is necessary for the years coming.

But these are days of glory and power. The darkness will scatter. They will run. They will flee even from you. They flee in terror when they see the glory on you. It pierces them. It blinds them.

It terrifies them. Don't hold back and never look back, especially to your mistakes. For I have already forgotten them. You are my sons and my daughters. I carried you inside of me before you ever touched this earth. I knew you before you began to breathe and I saw you before you were born. When I knit you together in your mother's womb, it was your spirit. That was a seed. It was knit together in the womb. I didn't just

America's Divine Destiny and Mission

put your arms and legs on. I put your spirit and your soul in your body. You became a living soul.

Take care of your soul. Don't corrupt it. Don't wound it.

Loose anything from your soul that does not belong there. Fill your soul with me.

I will empower you. I will encourage you. I will train you these days from spirit force. It'll never be the same. Heaven's military is moving to this earth. It is called spirit force. Not by power, not by might, but by my spirit, says the Lord. These great days of glory right now.

Stand up or lift your arms up and receive what I'm about to give you, says your God. For I impart to you now my nature, my life, my presence, my wealth, my sound wisdom, my extreme discernment, my celebration, my victory, my freedom, my justice.

Wholeness in your body, not just sick and healed, sick and healed. Sick and healed. wholeness.

For your soul will prosper and your body will prosper in these days, says your God. I impart to you wealth. Say, I receive it. I receive it. I impart to you health. Say, I receive it. I receive it. I impart to you sound wisdom. Say, I receive it. I receive it.

I impart to you the fullness of your armor, says your God. Say, I receive it. I receive it.

For you will lack nothing in these days. This room is vibrating right now.

Thousands of the host of heaven have filled this place. They're fanning flames over each and every one of you.

Say, "I receive it." I receive it.

Life will never be the same. You can believe man or you can believe God.

You can choose life or you can choose death. Choose life.

The Role of Donald Trump

These are powerful days. You were born for such a time as this. I timed your birth on the earth. And right now, Satan, I come against you. Get your hands off of everybody here. You've not touched their soul, their mind, their body, their spirit. You will have none of them. Give back everything you stole seven times over.

And guess your hands off of them and their offspring. They don't belong to you. They are mine. And you will face me, an angry God, if you touch them again...

Six

Victory in the Spiritual Realm

Expect wholeness to rise up in your body every day stronger, more whole, more ready to run your race.

You called for this time, says your God. Don't let anybody take your crown. I'm already giving it to you. You're a king under the King of Kings and a Lord under the Lord of Lords.

Those are official spiritual positions of authority and dominion. Use it, says your God. They will speak of you in eternity.

Those from these days, the beginning as the manifested daughters and sons of God, they will speak of your exploits for me and with me. What you do, you don't do it for me. You do it with me, says your God.

Get ready to move and I will move you because greatness is coming on earth as it is in heaven.

You will live heaven culture and man will run after you to find out what you're doing. How did you get what you have? Who do you know?

Victory in the Spiritual Realm

And you will say the most high God. He is my God.

Get ready to celebrate, says your God, because victory is already here. Justice is already here. I sent justice 10 years ago. He's been waiting. There's a spirit called justice. He's here now in America.

Other countries will follow. This is the day that I will shift governments to shape nations. Run after that if you want it. Say, "I claim it."

I need my children who know me to go to people in high places, who can hear the voice of God and share it with presidents and kings and queens and dignitaries who are hungry to know how do we prosper? How do our people be free? and you will tell them. And sometimes when I take you, you'll step through a door and you'll already be there, says your God...

Seven

Preparing for the Coming Glory

Life will not be normal, but it will be supernatural, says your God.

When you seek my son with all your heart, your mind, and your will, you cannot escape finding him. for my daughter sought him. Even she was born again at age four. She sought him for 20 years without ceasing. She'd get up in the middle of the night and stay up for hours pursuing him.

She's paid a price for what she's doing.

She wouldn't have it any other way. Nothing anyone says bothers her. She hears my voice. She sees me. She is a seer. I gave her that gift. Raise your hand if you want it. Say, "I receive the sear anointing."

Thank you, Holy Spirit, for showing me how to use it.

You have not because you ask not. You ask and you have, says your God.

You'll be known in high places because you won't take all the

Preparing for the Coming Glory

glory for yourself. And because you won't take the glory, you get to keep it and send it and take it everywhere. You fly in, your foot touches the ground, and all the evil in that city leaves like dust.

Great things are about to happen. I welcome these days.

Make sure you welcome these days, says your God.

Thank you, Father, for speaking to us. Thank you, Jesus, for living in us. Thank you, Holy Spirit, for living in us. You're a God who wants to know his people.

We welcome you in our lives. Let heaven inhabit our home.

Let them be apparent outside in the sky over your home when you see creatures up there.

They're the host of heaven. They're assigned to you as long as you're on the earth. They will not leave you. Remember, you have those watching over you, says your God. It's a time to rejoice.

Make sure in these days you eat cake and celebrate.

And that statement didn't come from Kat Kerr. It came from heaven to her mouth.

We like sweets in heaven. My son loves sweets.

Maybe if you save him a jar of honey with his name on it, he might visit you.

Thank you, Father. We call down the glory and the fire and the lightning power of

God to consume us. Let the river flow in our home till our angels are surfing on it.

They have waited long on these days.

I love you. My son loves you. The Holy Spirit loves you. The seven spirits of God love you. The 24 elders love you.

The apostles love you. The prophets love you.

There is such love in heaven. If anybody moved there,

America's Divine Destiny and Mission

celebrate for them.

They're home. You haven't lost them. Never again say you lost a family member. Say they moved.

Thank you for caring. Thank you for loving. Thank you for being you. You can't be anyone else. And don't try to be anyone else. I made you unique, specially in every way, says your God.

Amen. Amen. Woohoo!

Eight

Prophet Presentation Part #1

Woo! [Applause] Wow! Y'all,

I'm glad you came. There was no way I was not coming.

Amen. These are powerful days.

You may not know it, but you probably got great lineage somewhere back in your life.

We have a lot in mind. Well, you know, there's 15 children, so that's a lot to pass on. My dad was a great dad. He was the best example of the father. I got to know him before I met the heavenly father. We were a wild bunch. Not wild in a bad way, wild in a busy way. God trained us wonderfully. He taught us he knew that we weren't never going to be about us. There was too many of us. We didn't have uh we didn't never have visitors in our home. We had victims because all of us wanted to talk to

him at the same time. We learned to like everybody. We didn't care who you were. We didn't care what color you were, even what you believe. We'd be glad to teach you who Jesus Christ is, whether you wanted to know or not.

Nothing is impossible to those that believe.

Don't lose your faith.

Don't lose your trust. He'll be with you all the time.

These great days. You are my family and I am your family. I hope you like pink

hair. Even people in heaven wear pink hair now. I guess they want me to feel at home when I visit.

That will be happening a lot in the months to come and years to come. People going on visits to heaven. The Holy Spirit catching you up, showing wonderful, beautiful things, fun things there. He's no respecter of persons. I never asked for it. I just asked for him.

So, I hope you're celebrating already for the changes that will be happening in your lives, the places you will be living. He'll probably have to put you in wonderful gated communities, not to protect you from harm, to protect all the people who want to meet you and know you because they will invade your home. Some who laugh at you will be beating your door down to find out how you knew that Trump was going to win. I know President Trump well and he knows me. He contacts me almost every day to hear what God's going to say. And I don't know if you heard this is true. He doesn't mind me saying it. But the day that he was shot in the ear, 20 minutes before he was shot, he contacted me from the platform where he was seated. Is there anything else I need to know from him for the people to know? Something they need to know. Let me know. What is it? And said, this is a word from God for you. No matter what

Prophet Presentation Part #1

happens to you today, don't let fear interfere in your life.

Do not be afraid. No matter what it is, I have your back. I will cover you. I have plans for you. So run your race. Don't ever surrender, says your God. 20 minutes later, he was shot. Why do you think he lifted his hands up and went fight?

Because he knew who protected him. one half an inch. If he had not turned his head, he would have been dead. But he knew because that word was given. He knew who protected him.

And for the next 10 days, all Trump kept texting me is fear not. Fear not. Fear not. Fear not. Fear not. Fear not. Fear not. He sent me the first fear not mug. The first fear not t-shirt. I mean everything that he's put fear not on. He sent it to me. I have so many hats I could open my own store. He just sent me the Merry Christmas one. He go, "Oh, he gives them all to everybody." I went, "I don't think they have this many." I didn't really ask Ren, but I didn't have to buy him. I gave him ideas of what to say. Make sure you recognize God. And let me tell you what, he went and got him the biggest Bible he could find. That insulted the left even more.

They're terrified that he's not afraid. That's right. He will openly say Jesus Christ kept his life and he knows he's not going anywhere.

So, I hope you like him.

I've been invited to the inauguration. I'm really excited about being there.

Amen. He kept asking me if I wanted to be vice president and I said, "No, thank you." like a lot. No, I'm not VP material.

No. And God had told me, I'll give you his ear of all places. I'll give you his ear to hear my words. That's what was shot. And I'll give you his hand in friendship. And he has. So if God said something to you, he meant it. And I don't care how long

America's Divine Destiny and Mission

it's been. It's been 50 years since he shared some stuff with me and it's still going to happen.

And I'm not like this because I have pride. Forget that. That never happened. I'm number three out of 15. There was no room for pride in our life. Housework, diaper changing, grocery shopping, cooking the food, feeding the 50 pets we had, preparing their burial. So, you know, when they died, all my brothers and sisters would give us funeral at a drop of a hat. They knew they were sending them to heaven. Nobody had to tell them.

So there wasn't any pride in our family. We were happy to get in the bathroom people. We had one.

You going to make sure he crushed it all out of me. When you're raised in a tribe, it's a lot different life when your dad brings everybody home that doesn't have food. It's a different life when he takes your money out of the bank, gives it away. It's a different life when he believes God for things like your shot and he didn't have to worry about that. the bullets just picked out of you when it was shot full blank against you.

I knew what miracles were. I knew who God was. Nobody could tell me that he wasn't true. Always remember he is there and he does care. So I love you. I want to lay hands on everybody here and then I'll be done.

Unless you have something to say. You have anything to say? I'm I'm sure you got to say a lot.

Well, I'm going to release the blessing of God upon everybody here. And I'll do it to everybody watching first. So, here you are from God, Father himself, the blessing of the most high God, Elohim, Father, Son, Holy Spirit. Take it. Say, I receive it. Get ready to celebrate it in Jesus' name. Amen...

Prophet Presentation Part #2

Kat proceeds to call on the people...So, whoever wants it, get up here.

I did bring products. They're back there somewhere. If I don't have time to sell them, I'll bring them back when I come back. Move this. Yes. Yeah, you can move that.

Pray for my husband. He has to live with me.

I receive it. Okay, I'm just going to come down the line.

Normally, I need to walk. Okay, so I'm just going to come down the line. I'm just going to slap you. Not hard.

Blessings of the most high God. And when you say yes, it's already going to go in your bank account.

This is him right now saying this. Watch what happens to your bank account.

And don't just check once and don't just check every day. Make sure you check it.

He has all the wealth in heaven and earth. Man doesn't have

it. Soros does not have it at all. Actually, if you wondered, he is blessed by Elon Musk.

If you wondered about him, he is strange. Yes, he's lost his son because of the evil and the wickedness. That was the day he realized how wicked and evil it was. He set his course and no one will stop him from keeping this country from going to them. He may not be perfect, but wait and see what he does. And the whole cabinet actually, they want the whole cabinet. They want any they can't.

There's never no way they're wiping us all out. Come on. No. They'll be dead and gone while we're still here. That's right. That's right. And God said a lot of them are going to die. Some someone's already taking their lives because they don't want to be caught. See, they don't want the truth. But let me tell you, they did not have a celebration party waiting for them in hell. They were dinner.

And you can see that any way you want to. They weren't invited to dinner. They were dinner.

I've been there, too. And you don't want to go there. Amen. So, here we go. You want to hold the mic for me? I'm going to make a quick We're going to start down here.

Okay, here we go. You ready? Let me say this. And if you need anything else from God, just ask him for it right now. Here we go.

I'm going to lay my hands on your hands. Okay. Receive the blessing of the most high God in Jesus name. Receive the blessing of the most high God in Jesus name. Receive the blessing of God in Jesus' name. Receive the blessing of the most high God in Jesus name. Receive the blessing of the most high God in Jesus name.

Anyone who works in government deserves a fourth one.

Prophet Presentation Part #2

There you go. My gosh.

I love you. Your God loves you too.

He is not done with you. Your greatest days are ahead.

Expect it to happen. So receive the blessing of the most high

God in Jesus name for what you poured out for your life already. You shine like the stars in the heavens says your God.

Amen. Anyone else? Did you get it?

Receive the blessing of the most high God in Jesus name.

Amen. Amen. Amen

everybody.

Woohoo! Yes. Oh, I haven't. Receive the blessing again. Again, again, again, again. Amen. Amen.
