APPRENTICESHIPUSA™

WORK, LEARN, and EARN...

With a Top-Notch Construction, Engineering or Surveying firm in this two-year US Department of Labor Registered Apprenticeship to become a *Certified Survey Technician (CST)*.

- **WORK** with one of our professional firms 40 hours a week, committing to two years to earn your certification.
- **LEARN** while on the job training (OJT) and attend college courses beginning Fall 2025 in partnership with St. Louis Community College.
- **EARN** a Survey Technician Certification and secure a professional role to build a career that is long-term. **You receive education and certification at no cost to you while working at a good-paying job with benefits.**

Whether you are just starting your career, or looking for a second chance toward upward mobility, there are several reasons to consider this career as a profession.

1. **Do you like working away from an office** and experience a change of scenery?
2. **Do you like technology and using your hands** and have curiosity to problem solve?
3. **Do you want a good paying wage with full-time employment** working alongside professional construction and engineering colleagues with opportunity for growth and greater professional development?

Seeking Candidates with the following qualities:

- **Be 18 years of age and have a record of high school diploma, GED or HiSET**
- **Valid driver's license**
- **Reliable transportation**
- **Able to commit to two years in order to earn full certification through St. Louis Community College and other professional services**
- **Have the desire and motivation to be a team player, ready to learn and work with high caliber organizations**
- **Enjoy full-time pay and benefits. Benefits information includes family friendly benefits, vacation time, sick time and additional trainings and team support within the organization.**
