

Do You Have Clients Traveling Abroad?

When your clients travel internationally, do they have the medical coverage they need away from home? Many travelers believe their domestic insurance plan will be enough when they travel abroad, but that may not be the case. Without the right plan, your clients may not be covered for an illness or injury. International Medical Group® (IMG®) has been offering insurance products to travelers and international citizens since 1990. We offer long-term and short-term coverage for U.S. and non-U.S. citizens, individuals and groups.

Whether your clients are moving abroad, traveling between countries or maintaining multiple countries of residence, we have a medical plan to fit their needs.
