

Co.Lab™ AbVantage

The Science
Behind *Reducing*
Visceral Fat to Help
Reveal Your Abs

The Struggle *is Real*

We all know losing weight is difficult — especially around your waist and hips. That's why trillions of dollars are spent every year on weight loss aids.

“Weight gain around our middles is associated with an increased risk for *high blood pressure, elevated cholesterol, heart disease and diabetes*. The medical community is now beginning to refer to *visceral fat as ‘killer fat.’*”

Ray Strand, MD

Partner.Co Chief Medical Officer

AbVantage
**Targets
Visceral Fat**
to Help Reveal
Your Abs

Visceral fat is the most dangerous fat since it accumulates around your organs.

The *Advantages*

- ✓ Increase **calories burned** by 10x* so you get leaner, faster
- ✓ Helps **reduce stubborn visceral fat** to slim waist and hips
- ✓ Helps **increase metabolism** so you burn more calories
- ✓ Activates **fat-burning cells** in your brown adipose tissue
- ✓ Helps **prevent weight regain** following weight loss

*Compared to the placebo group, those supplementing with the active ingredient in AbVantage over four weeks showed an average increase in resting energy expenditure of 97 kcal/day versus 5 kcal/day.

AbVantage **Ingredient Blend**

Grains of Paradise

- ✓ Activates brown adipose tissue
- ✓ Helps increase resting caloric burn by 10x*

L-tyrosine

- ✓ Supports fat burning
- ✓ Helps increase muscle strength and endurance

Vitamin B3 (Niacin)

- ✓ Helps convert food into energy
- ✓ Helps support NAD+ production

Vitamin B6

- ✓ Helps convert stored carbs to glucose to maintain normal blood sugar
- ✓ Boosts metabolism to burn calories and fat faster

Chromium

- ✓ Helps convert fats, carbs and proteins into energy
- ✓ Helps reduce body weight and body fat percentage

*Compared to the placebo group, those supplementing with the active ingredient in AbVantage over four weeks showed an average increase in resting energy expenditure of 97 kcal/day versus 5 kcal/day.

—————→

About *Grains of Paradise* *Extract*

Sourced from a species of
flowering plant in the ginger family
that's native to West Africa

Non-stimulant

White vs. Brown Fat

AbVantage **increases calories burned**
by activating brown fat.

**White
Adipose
Tissue**

**Brown
Adipose
Tissue**

Brown adipose tissue, rich in mitochondria, burns more calories when activated, while white adipose tissue primarily serves as fat storage and is located around your middle.

Guaranteed^{**}, Tested & Proven

The active ingredient in AbVantage is shown to boost the metabolism, increasing caloric burn.

After four weeks, study participants:

- ✓ **Lost 250%** more visceral fat than the placebo group
- ✓ Experienced significant **increase in total daily energy expenditure**
- ✓ On average, **burned 97 more calories per day***

*Compared to the placebo group, those supplementing with the active ingredient in AbVantage over four weeks showed an average increase in resting energy expenditure of 97 kcal/day versus 5 kcal/day.

**Subject to Partner.Co Terms and Conditions, Partner.Co products are backed by a 30-day money-back guarantee. Please visit partner.co/return-policy for more details.

What AbVantage *Can Do for You*

Time	Additional Daily Calories Burned*	Inches Lost†
Immediately	-	-
24 hours	97	-
4 Weeks	97	1.77 inches
8 Weeks	97	4 inches

IMMEDIATELY

AbVantage boosts your metabolism by activating brown adipose tissue, which burns calories to produce heat.

IN 24 HOURS

Your metabolism remains elevated, helping you burn an average of 97 more calories per day.*

IN 2 WEEKS

With consistent use, you can increase your daily caloric burn and shed stubborn visceral fat.

*Compared to the placebo group, those supplementing with the active ingredient in AbVantage over four weeks showed an average increase in resting energy expenditure of 97 kcal/day versus 5 kcal/day.

†When using AbVantage in conjunction with other products in the Body Balance System, participants lost an average of four inches around their waist in eight weeks.

Better Together with Slenderiiz™ Drops

The Drops promote overall weight loss, while AbVantage accelerates the loss of harmful visceral fat around your waist and hips.
