

Co.Lab™
EverGlow

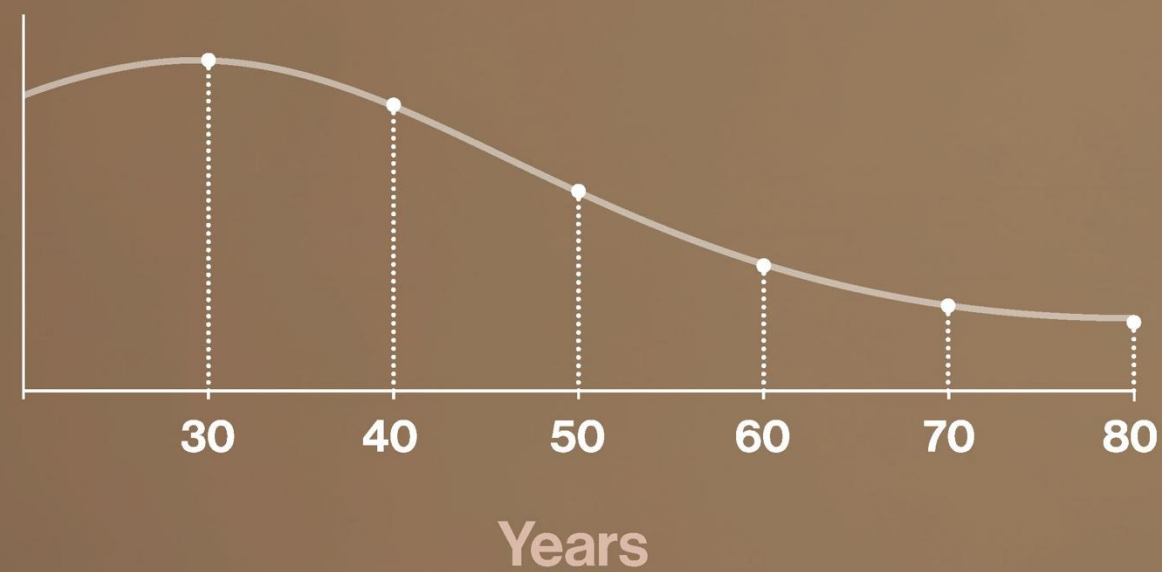

Insider's Guide:
*How to Glow
With Confidence*

True Beauty *Crisis*

As we age, we lose collagen. By age 50, we've lost around **40%**.¹

Without replenishment, natural decline will continue, impacting your skin, hair and nails — and your confidence.

¹<https://www.oaepublish.com/articles/2347-9264.2020.153>

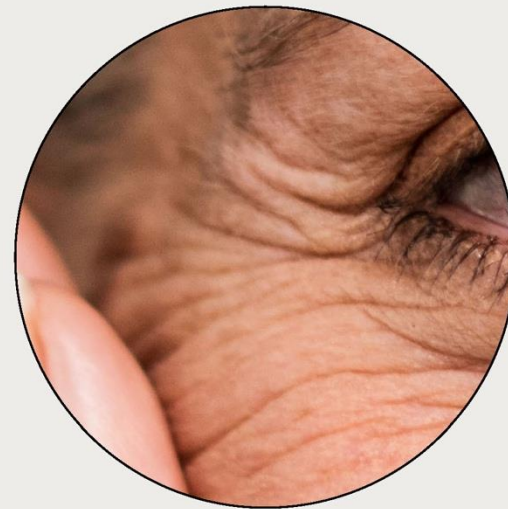

The Visible Signs of Aging Can Be *Hard to Face*...

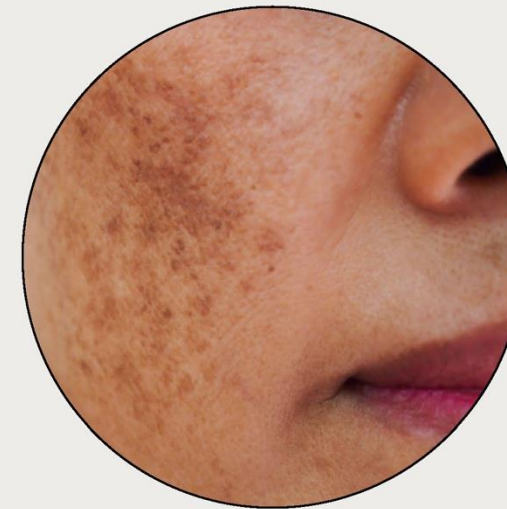

What if you could restore a youthful look?

Sagging Skin

Wrinkles

**Age Spots and
Hyperpigmentation**

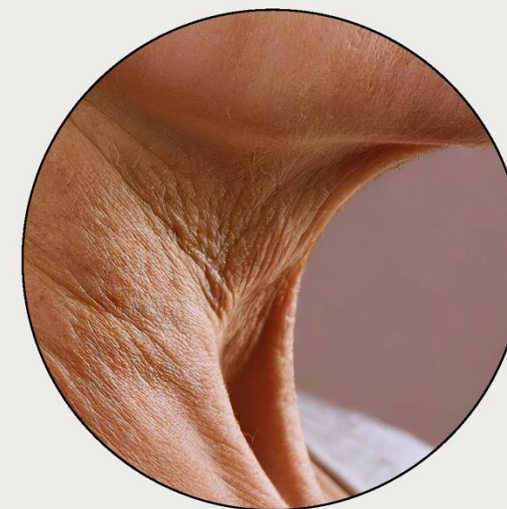

Loose Skin

**Thinning and
Graying Hair**

**Weak and
Brittle Nails**

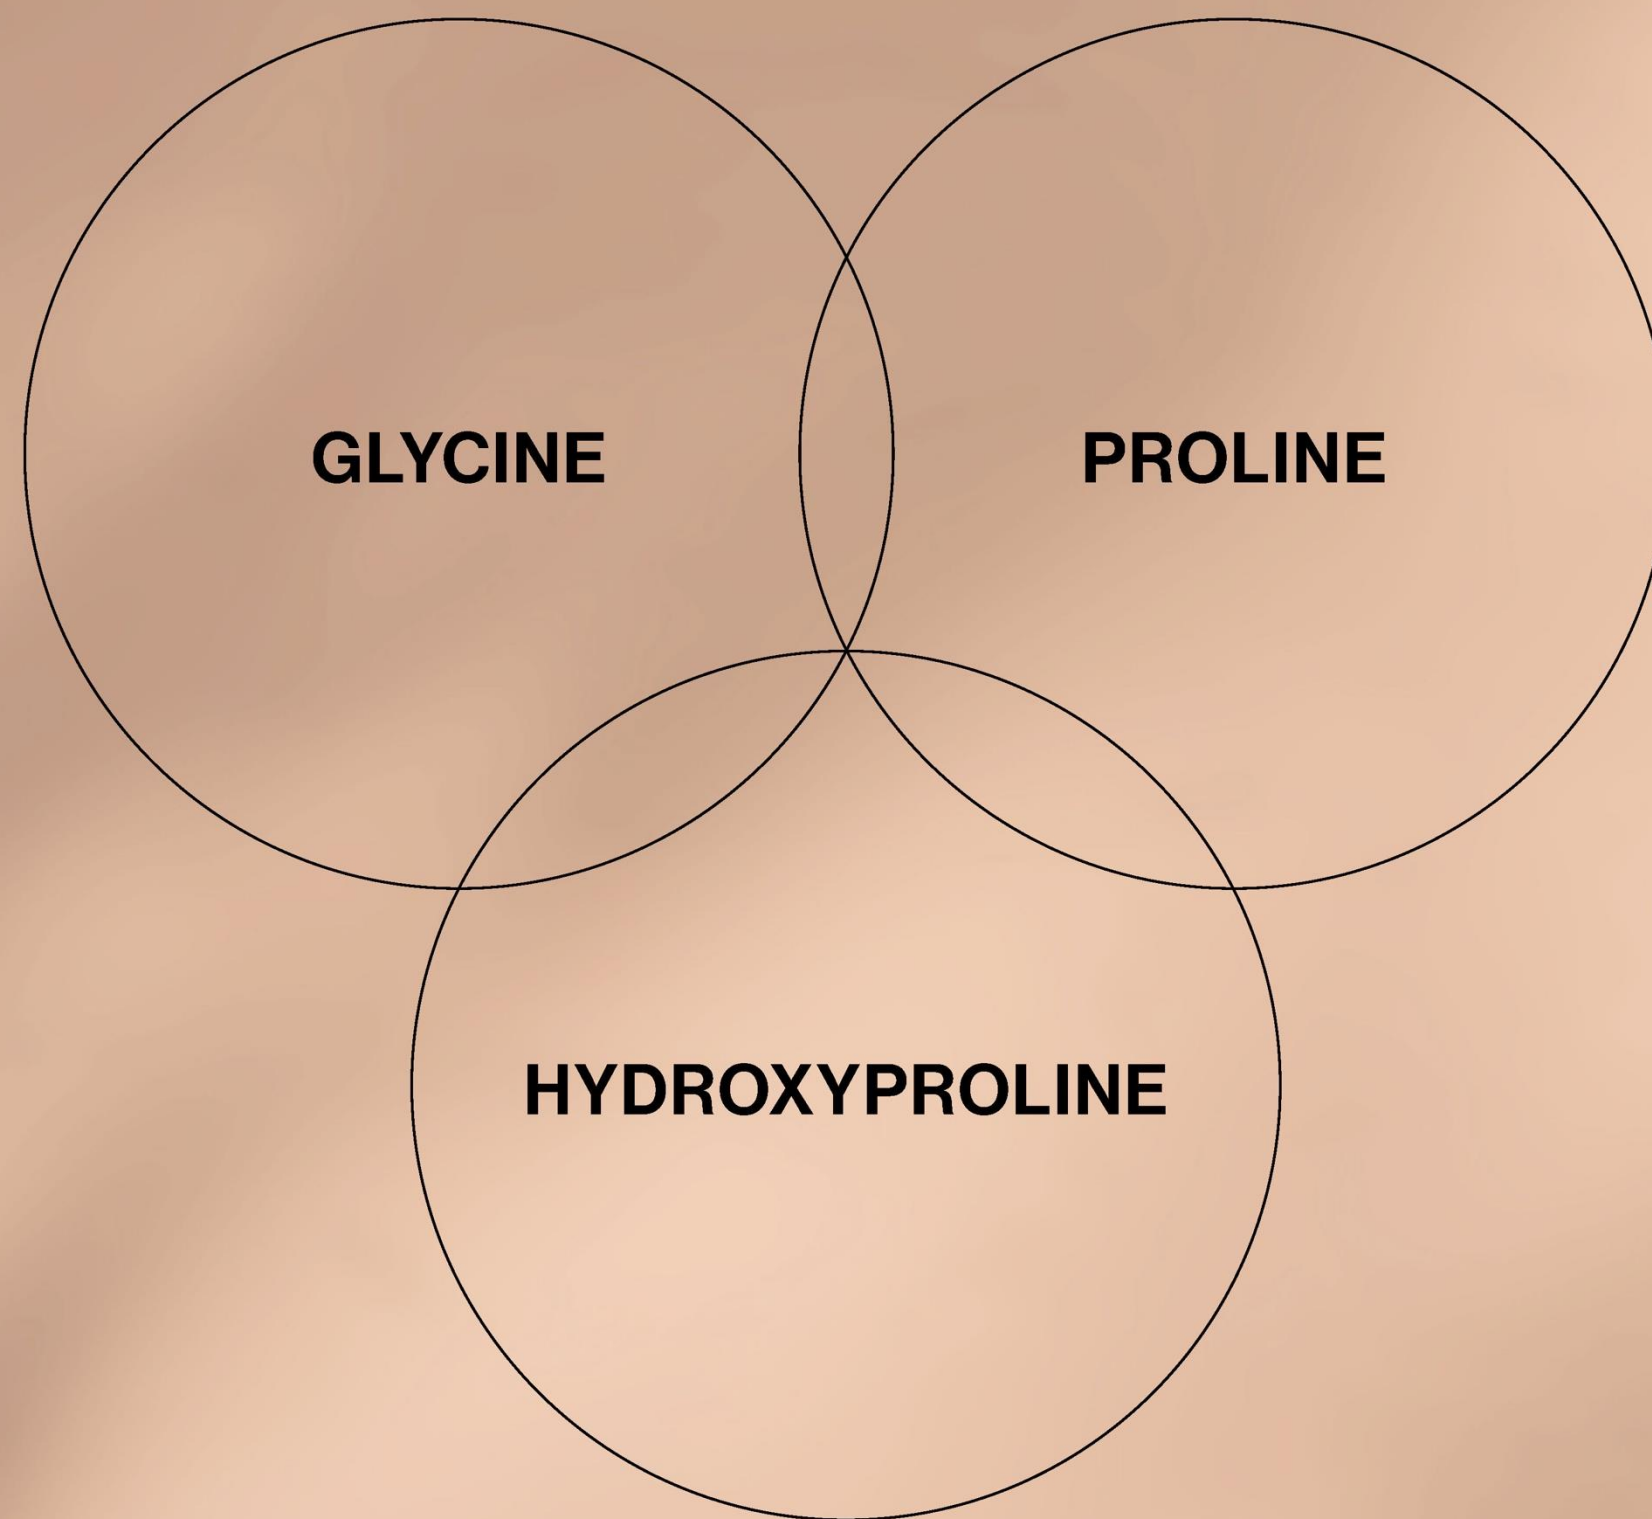

**Paper-thin,
Crepey Skin**

Dry Skin

Why Most Collagens *Don't Deliver Results*

Most common collagen supplements rely on a pinch of peptides. They lack efficacious levels of glycine, proline and hydroxyproline — the amino acids your body needs to boost natural collagen.

Their results? Little impact on skin, hair or nails.

Co.Lab EverGlow

REINFORCED
BEAUTY MATRIX

A first-of-its-kind
formula crafted
to *reveal a more
confident you.*

One Formula, **Multiple Benefits**

Skin

Smoothness:

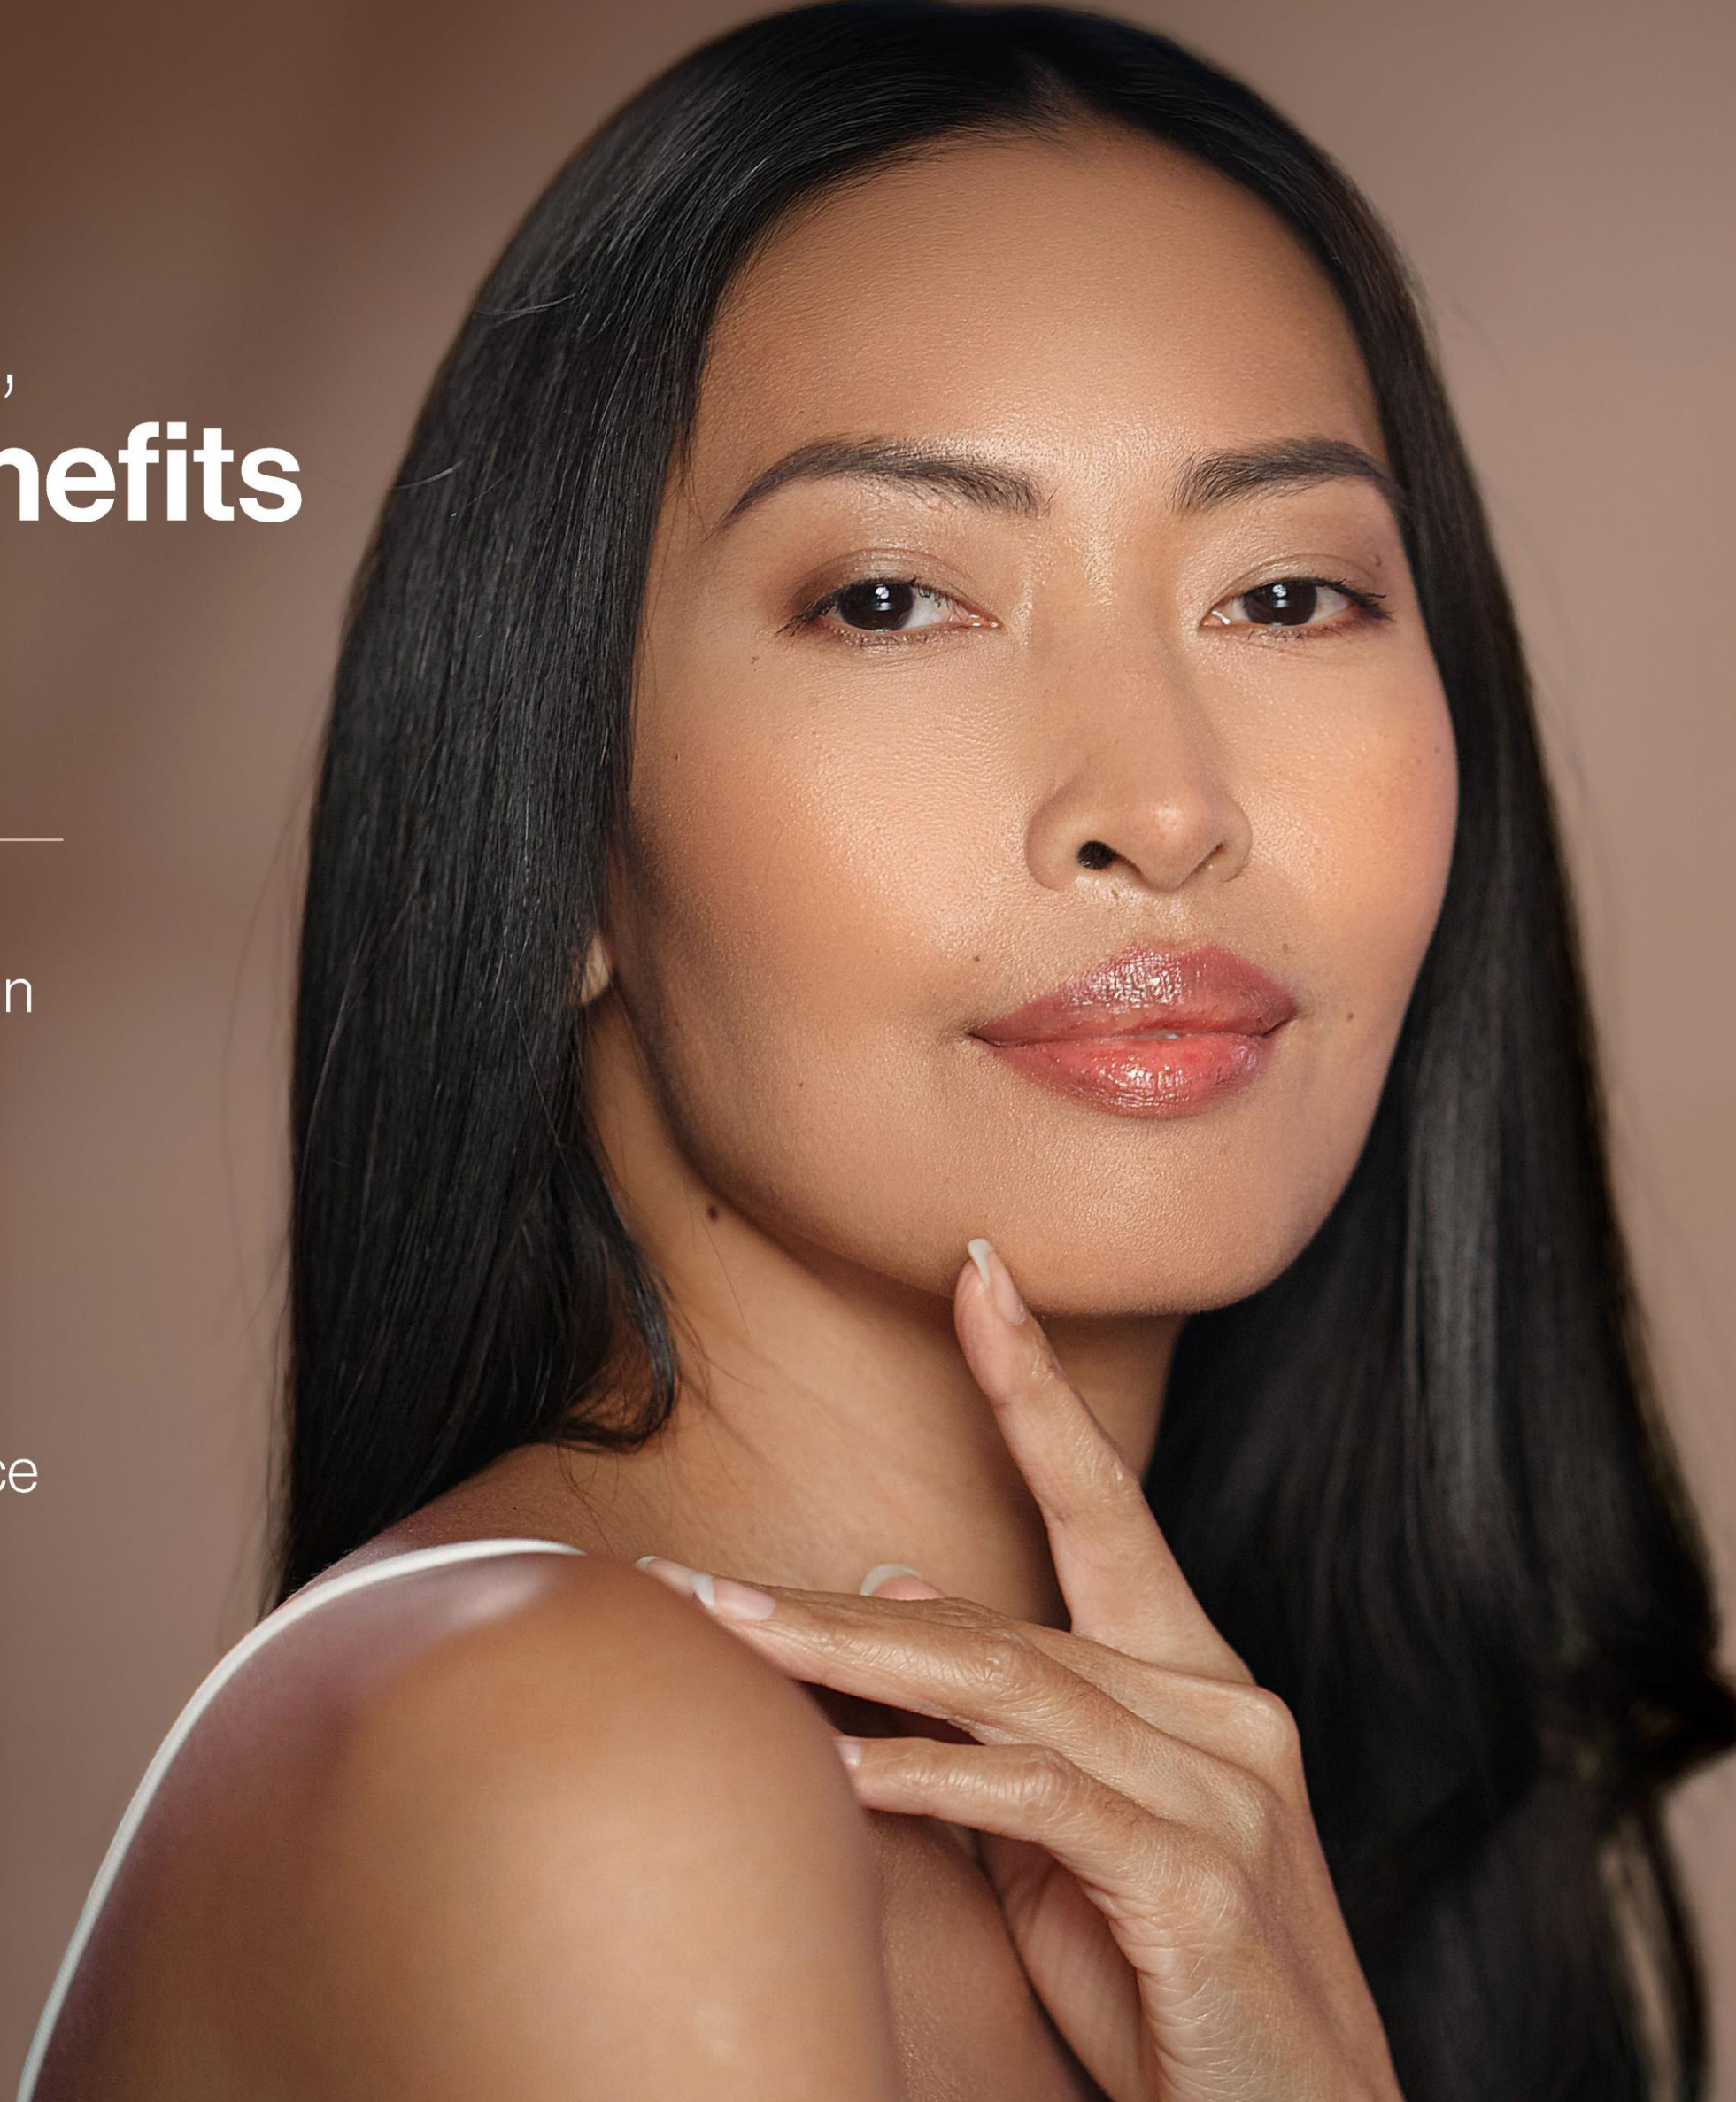

Supports collagen and elastin production to improve the appearance of wrinkles, thinning skin, sagging skin and loss of elasticity

Evenness:

Helps reduce the appearance of dark spots

Hydration:

Restores moisture to dry, dull skin

EverGlow is a comprehensive formula designed to target many of the visible signs of aging, from the inside out.

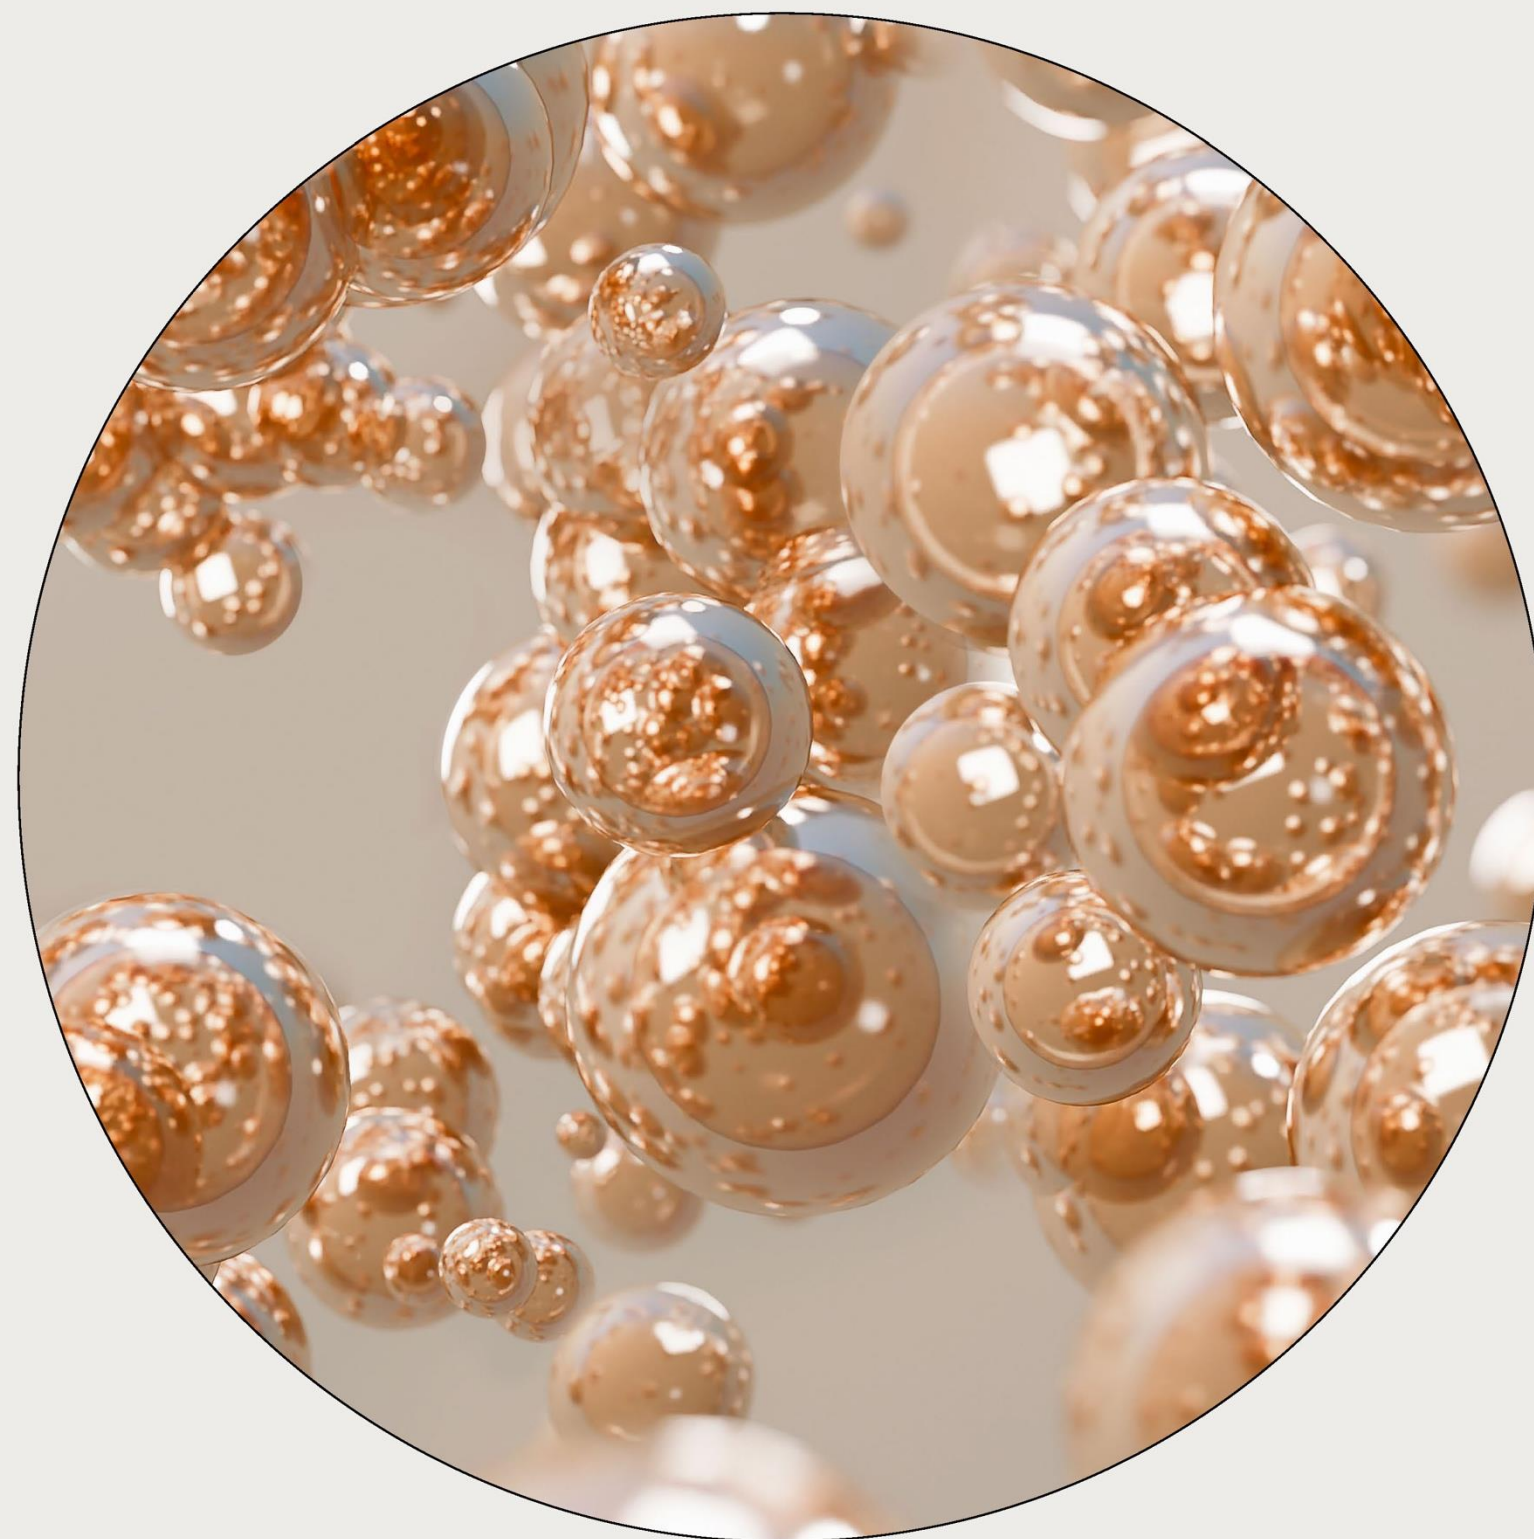

Hair

Maintains healthy hair and helps delay the grays

Nails

Strengthens brittle nails and maintains healthy nails

Targeting
Aging
at Its Source

EverGlow benefits
go deep, addressing
where aging starts, in
the **extracellular matrix**
(ECM).

The Secret to Outer Beauty: *Your ECM*

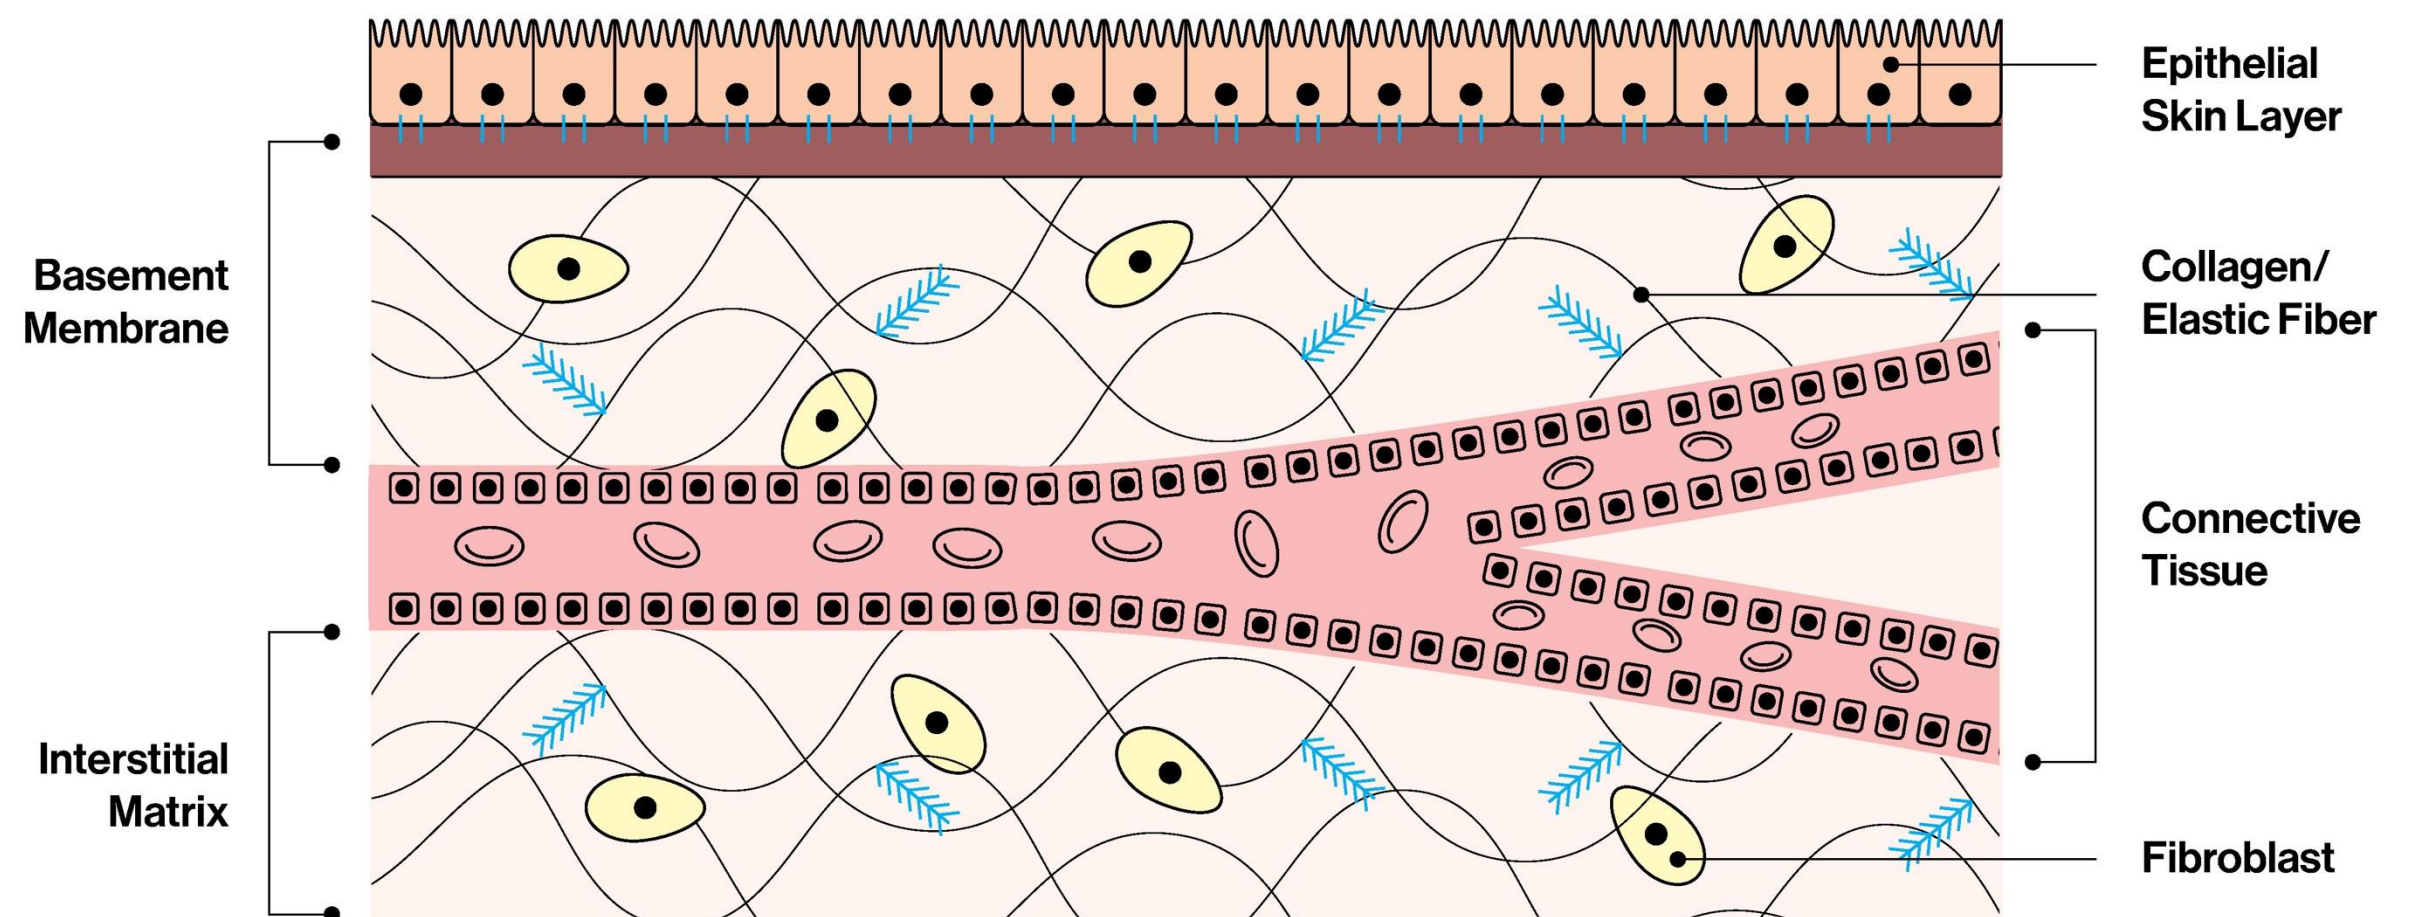

When you strengthen your cells from the inside, it shows on the outside. Your ECM is key to this.

Think of it as the foundation for your skin, hair and nails:

- **Collagen** forms the framework
- **Elastin** keeps it flexible and resilient

By reinforcing these internal building blocks, you create a stronger foundation.

The **Extracellular** Matrix

Hydrolyzed Marine Collagen, *Because ...*

Quality Collagen = Quality Benefits

The smaller (hydrolyzed) marine collagen peptides in EverGlow are more easily absorbed than larger ones, meaning more can be used as building blocks.

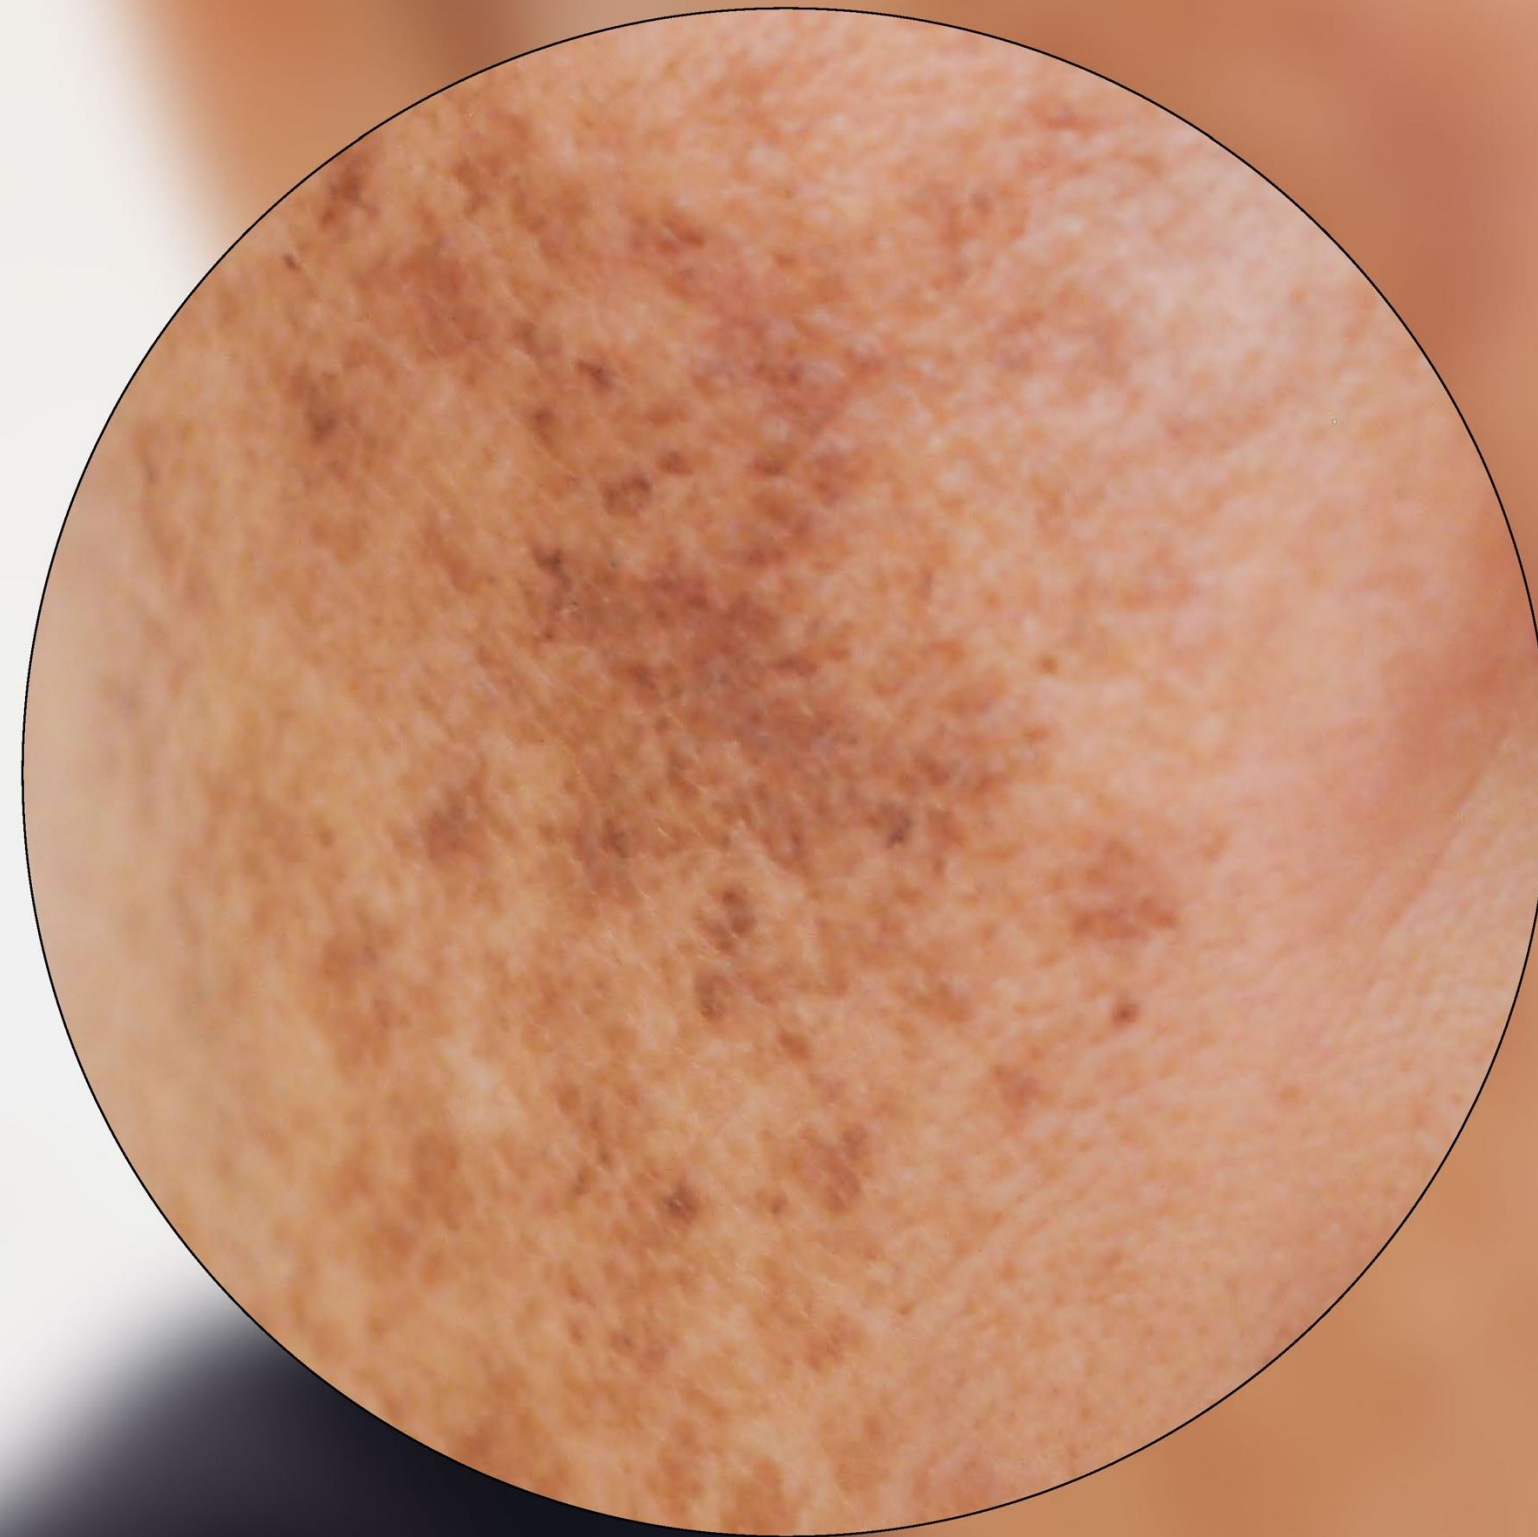

Peptides: The Key to Signaling *Your Natural Collagen Production*

With its abundance of key amino acids, EverGlow's premium hydrolyzed collagen peptides effectively signal your body to produce more of its natural collagen.

Can You *Spot* the Damage?

90% of skin aging is
attributed to sun exposure,
leading to wrinkles, fine
lines and age spots.²

²<https://www.skincancer.org/blog/photoaging-what-you-need-to-know/>

Radiance Meets *Resilience*

EverGlow uses a specialized white tomato extract, which contains colorless carotenoids that work like an internal sunscreen to absorb UV radiation and help prevent the free radical damage that may lead to visible sun damage.³

³<https://www.oatext.com/The-photoprotective-effects-of-a-food-supplement-tomato-powder-rich-in-phytoene-and-phytofluene-the-colorless-carotenoids-a-preliminary-study.php>

Better Skin *Over Time*

The longer you use EverGlow, the better your skin looks!

After 42 and 84 days of use, most users reported improvement in⁴:

	After 42 Days	After 84 Days
Hydration	55%	70%
Evenness	26%	49%
Smoothness	64%	76%
Suppleness	60%	91%
Texture	39%	61%

⁴Self-assessment results reported by 22 subjects who took 5 mg of white tomato extract daily: https://oatext.com/The-photoprotective-effects-of-a-food-supplement-tomato-powder-rich-in-phytoene-and-phytofluene-the-colorless-carotenoids-a-preliminary-study.php#Figures_Data

Your Healthiest Hair Starts With a *Healthy Foundation*

EverGlow uses collagen peptides and copper to help strengthen your ECM, the structure that supports healthy hair growth.

Together, these ingredients help reinforce the ECM to keep follicles strong, while copper also helps preserve your natural hair color, delaying the appearance of grays.⁵

Stronger Nails
Start *Beneath*
the Surface

EverGlow supports and maintains nail health by strengthening collagen and elastin with a powerful blend of ingredients — including copper — that give your nails a solid foundation to grow.
