# Ice hotel Kiruna

Thu, 30 November 2023 - Fri, 01 December 2023

Ice Hotel is the world's first and largest hotel built out of snow and ice.

Icehotel is created in a new guise every winter, completely made out of natural ice from Torne River, one of Sweden's national rivers and last untouched waters.

During an intense period in Jukkasjärvi during November and early December every year, the empty space on the riverbank turns into a magnificent hotel made of ice and snow.

During five months guests from all over the world experience the art before it melts down in spring and the loan from its adjacent mother Torne river is returned.

For you who easily get cold feet or simply are searching for a cozy living to nestle under the duvets in between thrilling activities at Icehotel. Choose between traditional hotel rooms or chalets.

The Nordic Chalet apartments are ideal for family or friends sharing. The décor is calm and classic Scandinavian, with white-washed wooden panel walls, birch wood details, heated tiled floors and shades of natural shades of grey, white and brown.

- **Private transfer Kiruna Ice Hotel- Camp Ripan** Your private driver will meet you in at the hotel lobby with a name sign
- **Aurora hunt by dogsled from Ripan (shared tour)** Immerse yourself in the dark wintry nights of Lapland and escape the city lights by sitting on a big sled pulled by a team of excitable, yet friendly, Alaskan Huskies. The trail winds its way through pine and birch forest down to the famous Torne River where you can see the night sky stretching far in front of you. At our half-way point we stop at a traditional Sami-style tipi, lávvu, for a warming drink and homemade apple cake. Here you can choose to take comfort and warmth from the open fire, or you can marvel at the display of Aurora outside before we head home again. Our kennels are only 10 minutes outside of Kiruna and yet it feels like a different world far away from crowds and the city light pollution. It's the perfect tour for anybody wishing to increase their chances of spotting the Northern Lights, but if the Aurora are not visible, you can still enjoy an excellent experience with our huskies. Guests need to be in good health and able to sit astride a sled with knees bent. When booking, please tell us the ages of any children or if you have any mobility problems.

**Overnight: Camp Ripan**

# Camp Ripan

Fri, 01 December 2023 - Tue, 05 December 2023

Camp Ripan is a hotel, but a rather unusual one. Hotel rooms are all cosy cabins with private entrances. Large territory where every building was constructed to reflect the nature features Aurora Spa, restaurant to reflect on local produce and food culture and shops run by local craftsmen. Not only reflecting but preserving the nature the property is: sustainability is the ground element in driving Camp Ripan's team.
