

ALUMINUM

Annual Report

Contact Us

No.68, Yuanfeng Road, Baoshan District, Shanghai, 200444, P.R. China

<https://www.mysteel.net>

Table of Contents:

Chapter 1. Overview of Aluminum Industry

- 1.1 Overview of Aluminum Products
- 1.2 Product Classifications and Uses

Chapter 2. Overview of Electrolytic Aluminum Industry Development

- 2.1 Development Trend of Aluminum Industry
 - 2.1.1 Global (Ex. China)
 - 2.1.2 China
- 2.2 Analysis on Development Environment of Aluminum Industry
 - 2.2.1 Macro Environment
 - 2.2.2 Industrial Policy
- 2.3 Hot Events in Primary Aluminum Industry in 2022

Chapter 3. Review of Global Aluminum Price and Margins in 2022

- 3.1 Analysis of Aluminum Price Trend in 2022
 - 3.1.1 LME Aluminum Price
 - 3.1.2 Chinese Aluminum Price
- 3.2 Spread Analysis in 2022
- 3.3 Analysis on Cost and Margins of Chinese Primary Aluminum Smelting in 2022
 - 3.3.1 Analysis of Raw Materials Prices
 - 3.3.2 Analysis of Cost and Margins

Chapter 4. Review and Outlook on Global (Ex. China) Aluminum Supply and Demand

- 4.1 Global (Ex. China) Primary Aluminum Production and Capacity in 2022
- 4.2 Overview and Forecast of Global Ex China Aluminum Demand

Chapter 5. Review of China Aluminum Supply and Demand in 2022

- 5.1 Change of China Primary Aluminum Production and Capacity in 2022
 - 5.1.1 Production, Capacity and Operation Rate
 - 5.1.2 Capacity Changes by Province
 - 5.1.3 Ratio of Molten Aluminum
- 5.2 Analysis of China Primary Aluminum Consumption in 2022
 - 5.2.1 End Users
 - 5.2.2 Downstream Products
 - 5.2.3 Seasonality of Consumption

5.3 Analysis of China Aluminum Products Imports and Exports

5.3.1 Primary Aluminum Net Imports and Sources

5.3.2 Aluminum Semis Exports

5.3.3 Aluminum Finished Products Exports

5.4 Analysis of Aluminum Ingot Inventory in 2022

5.4.1 Analysis of Social Inventory of Aluminum Ingot in China

5.4.2 Analysis of Producers' Inventory of Aluminum Ingot in China

5.4.3 Analysis of Warehouse Inflow and Outflow of Ingot

5.5 Supply and Demand Balance of Primary Aluminum in China in 2022

Chapter 6. China Primary Aluminum Market Balance Forecast for 2023

6.1 Supply and Demand Balance of Primary Aluminum in China

6.2 Forecast of China Primary Aluminum Supply

6.3 Forecast of China Aluminum Demand

6.4 Forecast of China Aluminum Import and Export Trend

6.4.1 Import and Export of Primary Aluminum

6.4.2 Import and Export of Aluminum Semis

Chapter 7. Global Aluminum Market Forecast for 2023

7.1 Global (Ex. China) Aluminum Market Outlook

7.2 China Aluminum Market Outlook

Data Advantage

➤ **China Primary Aluminum Capacity and Production Data**

Covering 88 samples across the country, with a capacity coverage rate of 100%.

➤ **China Primary Aluminum Cost Data**

Mysteel Aluminum Cost Model covers 88 samples across the country, with a capacity coverage rate of 100%.

➤ **China Aluminum Ingot Social Inventory**

The sample covers major warehouses in 17 major consumption cities.

About Mysteel

Shanghai Ganglian E-Commerce Holdings Co., Ltd. (Mysteel, SZSE 300226) is one of the world's leading bulk commodities service providers. Founded in April 2000, Mysteel has now set up branch offices and subsidiaries in Singapore, London, Hongkong, Melbourne, and over 30 cities in China, with over 3,000 employees.

Starting from providing market intelligence service on steel and iron ore products, Mysteel has expanded the service across all bulk commodities including ferrous products, non-ferrous metals, oil and gas, energy & petrochemicals, agricultural products, and construction materials. Services include:

- ★ Electronic/web-based industrial and market data service
- ★ Commodity pricing indices and benchmark service
- ★ Upstream and downstream industry research
- ★ Commodity conference and training service
- ★ Research and consultancy
- ★ E-commerce trading platform (Banksteel.com)
- ★ Smart warehousing and logistics platform

About Mysteel Aluminum Business

Mysteel aluminum business started in 2009, with first-hand market data collection and analysis covering all aspects of the aluminum value chain – including price, production capacity, inventory, consumption, production cost etc. Mysteel aluminum team has over 50 staff working in Shanghai, Nanchang, Shandong and Beijing offices.

Our Services include:

Web-based/API-available industrial and market data service

Market news and analysis reports

Tailor-made market research/con-call consultation
