TELEVISION**

Why SmartMarts?

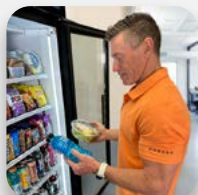

- ✓ Replaces outdated, standard vending machines
- ✓ Offer old favorites and healthier on-the-go eating options
- ✓ Scalable, work-from-home business model
- ✓ Recession and inflation-resistant
- ✓ Fast startup and requires no staff
- ✓ Passive income with no brick-and-mortar build out
- ✓ Semi-absentee ownership welcomed
- ✓ Flexible work schedule—part-time or full-time startup
- ✓ Location placement services

As Easy as 1-2-3

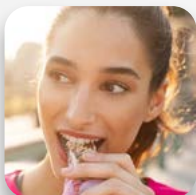

Scan & Unlock

Grab

Enjoy!

The door unlocks with a valid payment system like Apple Pay or a credit card. Customers then take out and evaluate whatever products they want putting back any they decide against. Then they simply close the door and walk away. The AI computer vision system tracks their final purchase and charges their payment system.

Meet Your Perfect Employee AI Computer Vision

- ✓ Works 24/7 and never calls in sick!
- ✓ No employees to hire, train and manage
- ✓ Monitor machines remotely 24/7 in real time
- ✓ Know when to stock and what to bring
- ✓ Average one-two hours/week each

Investment

\$110K-\$210K based on number of machines

No Net Worth Requirement

Just a commitment to achieving your success

Easy Evaluation

No 200 page franchise disclosure document to review
