and Technical  
Support Teams**

We do it for you. The Naturals2Go Premier OSL (On-Site-Location) Program is included with all investment levels. We send one of Naturals2Go's own onsite location specialists to your area to secure locations for all your machines. These are our own trained experts who work for Naturals2Go and you. We do not outsource such an important aspect of your business.

MVP best in class technology means that the operator can manage their business from anywhere in the world. Supports streamlining operations and provides multiple payments and customer engagement opportunities.

- ➔ An all-in-one touch screen device
- ➔ An online information management system
- ➔ Monitor the machine online - saving time

We have developed a Business Program that includes a machine that truly provides our operators with the best in class in every area, whether that be:

- ➔ The product delivery system
- ➔ The flexibility of products that can be offered
- ➔ Versatility of payment options
- ➔ The customer experience
- ➔ Security
- ➔ Technology
- ➔ Business data and intelligence

*Cashless payment options gives you the  
ability to sell higher dollar items*
