# #1 Question

## Where will I place the machines?

*Having been in business as long as we have, we know the most challenging part of being a new vending operator is finding the best locations. This is why we developed the Naturals2Go Premium Location Program with On-Site Locating*

### On-Site Locating (OSL) Naturals2Go Premium Locating Program

- ✦ LOCATING SUPPORT
- ✦ DEDICATED CALL CENTER
- ✦ ON-SITE LOCATOR

### Our premium on site locating program includes:

- ⇒ Expert locating team works with you to establish your territory.
- ⇒ Professional dedicated call center secures appointments at target locations.
- ⇒ Expert locator will arrive in your area to assist you in securing your locations.
- ⇒ You will learn locating from our experts so you can continue to grow your business

# - OSL - On-Site Locating

*While other companies outsource this important part of the business to outside contractors. Our location team works and report directly to us, and work exclusively for Naturals2Go - this is an important distinction.*

**WE MAKE IT SIMPLE....  
WE DO IT FOR YOU!**

Our OSL (On-Site Location) Team is very successful in securing locations for our new operators. Utilizing our dedicated call center, teamed with our experienced OSL in-person locator is a combination that gives you an edge unmatched in the industry.

## **An Ever-Increasing Market**

The worldwide vending market was worth \$3.79 billion in 2017. According to industry experts it is anticipated to be worth \$9.31 billion in 2024.

Key factors behind these projects are:

- The expanding base of young professionals comfortable using technology
- Increasing cost of labor for other types of the food service industry
- Increasing urbanization
- The ever increasing need for ready-to-eat products

This represents over a 200% growth in the market, in other words a lot of opportunity. Naturals2Go is prepared to help you capture your share of this growing market with our experienced location team.
