Additional Details

Dimensional Search is an integral component of its parent company, Sanford Rose Associates International (SRAI) franchise organization. SRAI, a distinguished leader in the recruiting industry, consists of a dual-brand approach to meet the diverse needs of search firm owners. Sanford Rose Associates (SRA) is a premier franchise dedicated to the assimilation of pre-existing recruiting firms into its extensive network. The Dimensional Search brand takes a distinct focus, actively seeking to engage and onboard professionals who currently operate outside the realms of the recruiting sector.

One of the core pillars of our franchise system is the commitment to coaching and supporting our franchise owners. We understand that the success of our franchisees directly correlates with the success of our brand. As such, franchise owners under the Dimensional Search umbrella will receive comprehensive training and guidance, equipping them with the knowledge and expertise needed to excel in the recruiting industry (specifically in both the permanent placement and contract staffing sectors). We foster an environment of growth and progression. As Dimensional Search franchise owners reach a predetermined threshold of revenue production and demonstrate their effectiveness in the field, they gain a unique opportunity to transition (at no additional cost) into the SRA network of offices brand. This seamless transition allows franchisees to further expand their horizons and tap into the full spectrum of opportunities within our dynamic franchise system.

Upon becoming a franchise owner, individuals are introduced to a dedicated coach who remains by their side throughout their onboarding, initial training, and the crucial ramp up period. This close working relationship with their coach remains for the duration of their tenure as either a Dimensional Search or Sanford Rose Associates franchise owner.

In addition to personalized coaching, we provide access to NLE Academy, a comprehensive resource considered to be a "Netflix" for recruitment training. This extensive library houses hundreds of training videos covering a wide spectrum of topics, from day-to-day tactical insights to strategic growth strategies and the intricacies of producing and executing exit strategies.

Our organization prides itself on its multifaceted support structure, featuring specialized departments for every facet of the franchise journey. From onboarding and continuous training to expert assistance in marketing, digital outreach, SEO, and lead generation, legal and procurement support, coaching and mentoring, collaborative business opportunities, hiring staff members, capital allocation for growth, back-of-the-house services for contract staffing, and more, we've got it all covered. As a part of our close-knit family of companies, generating more than \$200 million in revenues, we are the ideal partner to nurture and empower your franchise business, whether at the beginning or during the growth phase.

WHY Dimensional Search?
